Order Fulfillment Program

Since 1984, Batchelor Supply has been perfecting order fulfillment both for their wholesale product lines serving the housing industry and for local manufacturer's requiring warehouse storage and distribution for their products. We pride ourselves on efficient, error free handling of a diverse range of inventories and invite you to speak with our satisfied customers.

With Batchelor Supply's order fulfillment services, you can concentrate on developing your business and let us insure that you can deliver as promised.

We work with you to create computer and web based inventory monitoring and tracking systems that allow you to efficiently monitor the orders that we process for you.

## Batchelor Supply's Order Fulfillment program allows you to grow your business while we deliver for you!

Our professional warehouse staff is versatile and can be trained to comply with the unique shipping and packaging specifications that your product may require.

Through our relationships and competitive cost structures with national freight companies, we can make sure that your products leave our warehouse with the carrier most able to meet your deadline and pricing needs.

When you select us to fulfill your orders for you, our Batchelor Supply standards guarantee that you will find:

- Inventory stored in an immaculate warehouse
- Inventory organized by bin
- Triple check order pulling to insure accuracy

- Excellent communication via the method of your choice (web, email, fax, etc.) regarding order progress and inventory status
- Rapid response to inquiries
- Scheduled inventory physical counts
- Daily reports designed to your specifications
- Knowledgeable and dedicated staff
