

SHEPHERD DISTRIBUTION CO.

FLOOR PAPERS

Kraft floor Paper provides an inexpensive way to protect carpeting or vinyl during the manufacturing process. Floor Paper does a good job of lessening damage due to metal shavings, adhesives or general traffic in the production line.

The 35# paper is used primarily over vinyl. The heavier 42# paper is used mainly over carpeted areas or directly over the floor decking prior to laying roll goods as a protective barrier.

STANDARD STOCK SIZES

35#

48" X 3000'
148" X 2500'
170" X 1000'

42#

24" X 425'
165" X 375'
165" X 1800'
165" X 2500'
165" X 3000'
