## TACP1

### Black Cloth Repair Tape

**Description:** Polyethylene coated cloth tape with pressure sensitive adhesive on one side.

**Use:** TACP1 is used for numerous purposes including heating, ventilating and air conditioning applications. It is also used to repair or seal mobile home bottom board and close up materials, insulation and other building and construction materials.

**Features/Benefits:** TACP1 is a low cost versatile product that provides flexibility, conformability, vapor resistance and aggressive adhesion characteristics in one product. It has a perm rating of less than one (1) and is a vapor barrier. TACP1 adheres to metal, vinyl, polyethylene, plastic and other insulation facing surfaces. It can be used on rigid or flexible surfaces.

**Size:** 2" x 180' rolls (24 rolls per case)

# TACP-1

## PRODUCT DESCRIPTION:

A polyethylene coated cloth tape that has a very aggressive natural rubber blend adhesive system. This product has been designed to meet the needs of the end-use consumer, requiring a general purpose duct tape.

## PROPERTY VALUES:

<u>TEST</u>	<u>AVERAGE VALUE</u>	<u>TEST METHOD</u>
Tensile (lbs / in)	27	PSTC-31
Thickness (mils)	10.0	PSTC-33
180° Peel Adhesion (oz / in)	60	PSTC-1
Elongation (%)	10.0	PSTC-31
Quick Stick (oz / in)	26	PSTC-5
Unwind (oz / in)	58	PSTC-8
Ball Tack (in)	1.2; 3	PSTC-6

## PRODUCT ADVANTAGES:

Excellent quality cloth backing with polyethylene film.  
Very aggressive natural rubber/resin blend adhesive system.  
Good conformability and very good resistance to tear and moisture.  
Water resistant.  
Will bond to almost any surface.
